REGISTRATION BREAKS ALL RECORDS

Select Helm And Bowman In Radio Contest

J. C. SINGERS WILL VIE IN LOS ANGELES

Three Contestants Of Miss Myrtle Martin Named In County Event

Miss Verna Mae Helm and Martin Bowman, Santa Ana junior college sophomores, will be Orange county's representatives in the state Atwater-Kent radio audition, as a result of competition over KREG Monday night in which they competed with 14 leading non-professional singers for this honor.

Judges for the county audition, held under the auspices of the Civic Music Association of Orange county, with Mrs. Helen Wishard Edward in charge were Nina Wolf Dickinson, Long Beach; Prof. Ralph Lyman, Claremont; and Gilbert Wilson, Laguna Beach.

Martin Students

Ten men and four women entered the competition, Bowman winning first over George Forster, San Juan Capistrano; and Miss Helm defeating Miss Jean Baldwin after a second contest in which the two junior college students competed. Seven of Monday's contestants were students of Miss Myrtle Martin, head of the junior college music department. Marquise Hare, Paul Allen, Bill Fox and Miss Hazel Stukey, although given recognition by the judges, failed to place for Santa Ana.

Other contestants were Lynwood Young and James A. Sherwood, Santa Ana; James Baker, Tustin; Hayden Bolander, Charles Rothermael and William Webster, Jr., Fullerton. Minerva Wiglash, of Fullerton, competed with the Misses Helm, Baldwin and (Continued on Page Four)

Set September 30 For Annual Picnic

Dancing, games and plenty of food will feature the annual college picnic which will be held at Irvine Park again this year on Friday afternoon and evening, September 30. The lunch will be served at 6:00 according to Miss Helen Bower, social commissioner, who is planning for a crowd of over 500 students.

Last year over 400 attended the function which proved to be much more successful than the beach party formerly held at this time, and so was added to the college social calendar as an annual affair.

The picnic will be free to Associated Student ticket holders. Those who do not have a ticket will pay 25¢ before any food will be served to them. All students who forget to bring their tickets will also be obliged to pay, as no list of Associated Student members will be taken to the park.

The serving for the picnic will be done by the Bachelors and the Buccaneers while the Spinsters will have charge of the dance in the evening. The program is in charge of the Las Meninas, the cleanup work by the Longfellow and the Gauchos, the food by the Las Gitanas and the wood by the Junior Lions.

El Diario Published Daily Through Year

The El Diario will be published daily hereafter and will be handled through the Junior College Office. Any notices which are to go in it must be in the office by 12:00 o'clock noon the day before publication, i. e. notices for Monday's El Diario must be in the office by 12:00 o'clock Friday, and notices for Tuesday's El Diario must be in by 12:00 o'clock on Monday. No exceptions are made to this rule. Students should read El Diario carefully, every day, as important and official notices are published therein.

**Scheduled Events
To Come In
Next Few Days**

Friday, September 23—
Y "Mixer" in Andrew's gym.
Sunday, September 25—
Breakfast club meeting.
Monday, September 26—
Y. M. and Y. W. C. A. meetings.
Tuesday, September 27—
Engineering club meeting.
Wednesday, September 28—
Press club meeting.
Thursday, September 29—
Alpha Rho Tau meeting.
Friday, September 30—
Junior college students picnic.
Saturday, October 1—
Las Gitanas Rush.
Las Meninas Rush Tea.
Pasadena Game.

Lions Of College Will Hold Dinner

Meeting in the home of Bob MacFarlane Monday night, the Junior Lions, service club voted to continue their relations with national chapters this year and to participate in all district conventions which the California, Nevada and Hawaii dens schedule.

October 12 has been set for the club's first dinner-dance, to which lady friends of the members are invited.

Merrill Bauer was elected secretary to the organization upon the resignation of Ed Folger, sophomore member. Other semester officers, besides President MacFarlane and Secretary Bauer, are Francis Hall, treasurer; Harold Spangler, vice-president; and Jim Decker, tail twister. Two directors also will serve during the coming 1932-33 term.

Members Present

Present at the first regular meeting were Bob MacFarlane, Glen Smith, Jim Decker, Ed Folger, Willard Minor, Burt Winslow, and Paul Wright, members; and Gene Robb, Larry Taylor, Jim Lash, Bob Score, Harry Clark and Bill Proctor, guests.

Moav Holds Meeting At Home of Mueller

With the coming of the new season, the Moavs will hold their first business meeting at the home of Miss Carolyn Mueller, 215 South Olive Street, Orange, at which time plans for a Rush Party will be discussed.

The Moav club, organized in 1929, is one of the women's service organizations of the Santa Ana junior college. Its purpose is to foster loyalty of friendship and service among the students and to support student affairs, combining social interest with service to the college.

Club officers during the first semester include president, Miss Althea Lemke; vice-president, Miss Gertude Jentges; secretary-treasurer; Miss Jeanette Lutes, reporter.

Records Show Vast Enrollment Increase

An increase of 62.40 per cent is shown in the enrollment at the University of California since the institution of the university in 1868.

With few exceptions, registration statistics show that some increase has occurred each year since its founding, starting with a total enrollment of 40 students in the year 1869-70 and reaching a peak this fall semester with a total of 25,000 students. Of these, 10,971 are at Berkeley. This is a 4 per cent increase over last year. These figures indicate that the Berkeley campus will probably be taking care of some 10 per cent more students this year than in 1930-31, when the depression was beginning.—Ex- change.

Board Urges Students To Buy Associated Ticket Immediately

Only 350 Membership Cards Sold Prior To Council Meeting Monday

With over 350 Associated Student tickets sold prior to the opening of school, Roy Wheeler, treasurer, is anticipating a ticket sale fare exceeding that of last year due to the fact that the enrollment for this semester has reached a new record of over 700 students.

The new freshmen have purchased more tickets than the sophomores, according to Wheeler who urges those students who have not already done so to buy their tickets early so that they will get all of the advantages offered from the very beginning. The longer students put off buying their ticket, the more money they lose the treasurer pointed out because the price remains the same all semester.

Several important events will take place in the very near future. On September 30 the annual college picnic will be held at Irvine Park, and on October 1, Santa Ana will play the Loyola Frosh at the Santa Ana

Bowl on Olive Street.

Student Tickets will be on sale in the auditor's office from now on.

At a meeting of the Executive Board last week the budget for the next year was partially accepted, but it was pointed out that the expenditures for extra-curricular activities will have to be sharply curtailed if not enough tickets are sold to meet the budget which has been set at well over \$7,600.

This semester stricter regulations than ever before will protect Associated Ticket holders. If a student is planning to attend any social function sponsored by the Associated Students, he must purchase a membership card while the opportunity prevails, it was indicated at the meeting. Associated Students will receive cheaper rates on all social affairs. Caps and gowns will be cheaper also to graduating ticket holders.

The sale of college seals and pins which was started during registration will be continued as long as the demand for them is apparent. For pins which are priced at 50¢ apiece can be left either at the business office or the student office.

Head of College English Reports On Recent Tests

According to a late report issued by T. H. Glenn, head of the college English department, 148 entering freshmen successfully surmounted the initial obstacle when they passed the June fourth and September eighth English "A" examinations.

In connection with the percentage passing these entrance examinations, some interesting information was released. The June fourth test resulted in 83 passing marks as against 53 failures. By simple calculations we find that 60 per cent of those taking the first exam were successful, while the other 40 per cent were not so successful. Of those taking the test at the latter date 65 received passing grades, while 66 failed.

Thus, approximately 50 per cent went to either side of the ledger. The figures released last year show that more than 60 per cent of all those subjected to this test of intelligence in the use of English were successful.

Students Invited To Press Meeting

Meeting for the first time this semester, the Press club will convene in room 41 Wednesday, September 28 at seven-thirty p. m. with Sam Churchill, president of the club, presiding.

New members will be accepted into the organization and plans will be discussed for the first social activity of the year.

Churchill wishes it known that it is not necessary to be a member or even be sure that you want to be one in order to attend the first meeting. Join the crowd! Come out and look us over, then if you care to join a "live wire" organization which sponsors journalistic activities and always makes certain of having at least one "keen time" a month, sign up for the Press club."

Each year the Press club outlines an active schedule of events which usually is larger than that planned by other campus organizations. Visits to Los Angeles and nearby newspaper plants are made from time to time, and social functions in the form of dances, bridge parties, treasure hunts and beach gatherings are held.

Membership in the club is set at 25 cents with a special clause in the constitution which gives the president the right to assess each member, provided additional finances are in demand.

Will Offer Mixer Friday Night In College Gym

Under the leadership of Morris Singer and Miss Marian Tooze, the Y. M. and Y. W. C. A. will again sponsor the annual "Y Mixer" which is to be held in Andrew's gymnasium Friday evening. The purpose of the affair is to offer an opportunity for all students to get acquainted with one another and to have an evening of fun and entertainment.

The Y Mixer is an informal social affair for the entire student body and it is reported that there will be absolutely no charge for admission. Because of the nature of the program and entertainment, all students are requested to wear sport clothes and soft soled shoes at the affair.

The program will consist of games, and a varied number of activities, stunts, and events.

The chairman of the joint committee is Miss Kathryn Bement and Morris Singer, program; Miss Evelyn Fairley and George Eiler, decoration; Miss Lena Donner and Charles Warner, refreshments.

First Noon Dance Of Year Arranged

Noon dance, one of the most popular institutions in junior college last semester, will be held again in Andrew's gym this year, according to Miss Helen Bower, social commissioner. The first dance is scheduled for Tuesday, September 27.

The Executive Board is considering the purchase of either a radio or a phonograph to be used at the dances instead of renting one every week. Action on this matter has been deferred to a later date when more definite knowledge of the radio programs at noon is gained, or the advantages of a radio over a phonograph or vice-versa are fully looked into.

It was suggested that noon dances be eliminated and a tea dance, to be held once a month from 4 to 6 in the afternoon, be substituted but after discussion it was decided that the noon dances would continue to be held. In the past, these dances have proved very popular with college students, and inasmuch as the noon hour is now 15 minutes longer, Miss Bower believes that a good turnout will continue to support this function.

"Y" Mixer Friday!

Delano Editor

Volunteer Staff

Junior college students who wish to be members of the Delano staff are asked to see or leave a note on the bulletin board for Evelyn Fairley, Delano editor-in-chief. These people should report immediately as the editor is anxious to start work on the annual. No positions have yet been filled, but Miss Fairley has stated that the positions for business manager and Associated Editor will be filled immediately.

ENROLLMENT EXPERIENCES BIG GROWTH

More Than Seven Hundred
College Students Now
On Jaycee Lists

Surpassing the enrollment of last September by 48 students, registration figures released by the Santa junior college office late last night revealed an enrollment of 705 students.

With its enrollment increasing rapidly Santa Ana junior college boasted 350 Dons and Donnas in 1928 and looked forward to a decided increase the following year. This hope for increase was granted, for in 1929 the 400 mark had been surpassed, the total enrollment being 403 students.

Realizing a 37.7 per cent increase over the 1929 figures, the institution enrolled a total number of 555 students in 1930. Including the special students and post graduates added to the list during the year, the enrollment for 1930 was vastly increased.

In September of last year the record was broken, the previous list being surpassed by 107 students. Many more students were added to the files the second semester which surmounted all previous records.

According to the records, this year there are 310 boys, 337 girls enrolled as regular students. There are 11 special students and 47 post-graduates.

Formal Rush Date Set By Spinsters

Rush plans for new members of the Sisterhood of Spinsters of Jaycee were made at the first meeting of this semester held at the home of Betty Palmer, Supreme Spinsters, at 237 N. Orange. Informal rush plans were formulated with Bernice Summers, Hideo Higashi, Harry Clayton, Wayne Bartholomew, George Berry, Jack Weatherly, Gorden Minder, Gene Hall, Bill Campbell, Harold Bentson, Mike Santa Cruz, Jim Goodfellow, Bill Crawford, Emmett Seacord, Paul Bruce and Sheldon M. Hayden, adviser.

Those present at the meeting Monday included Henry Thiery, Garth Olsen, Hideo Higashi, Harry Clayton, Wayne Bartholomew, George Berry, Jack Weatherly, Gorden Minder, Gene Hall, Bill Campbell, Harold Bentson, Mike Santa Cruz, Jim Goodfellow, Bill Crawford, Emmett Seacord, Paul Bruce and Sheldon M. Hayden, adviser.

Committees for entertainment of the Frosh picnic were appointed also. Aileen Adams, Hazel Spencer, and Betty Hawk head these committees. Details of a rally dance to be given for the entire student body were also discussed.

With Mrs. Velma Sundquist acting as adviser, members of the Sisterhood back for activities this year are: Dora Tedford, Betty Palmer, Pat Oiphant, Saragrace Frampton, Marion Parsons, Dorothea Bourne, Wilma Patterson, Frances Bowman, Louise Rurup, Barbara Rurup, Florence Turner, Bernice Summers, Helen Mott, Irene Boyer, Hazel Spencer, Betty Hawk, Iona DeRemer, Marie Moog, Louise Dalton, Eunice Hoffman, Adah Ruth Ellis, and Aileen Adams.

Gauchos Plan Rush Party For October 5

La Compania De Los Gauchos met Monday evening at the home of President Jame Quiggle in order to formulate plans for the coming year.

After discussing rushers, and the date for the rush party, to be held October 5 at the home of Mr. Walter Carruthers of Costa Mesa, the fellows were entertained by card playing, music and refreshments.

Los Gauchos, a comparatively new organization, was first assembled in October, 1930, to meet the need for another college service club. The membership, which is elective, is limited to twenty-five. In addition to their various social activities, many acts of service are accomplished.

EL DON

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana Junior College, published weekly by that body, and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter in the Postoffice at Santa Ana, California, September 25, 1925, under the act of March 3, 1872. Per Copy—5c Per Year—\$1.00

EDITORIAL COMMENT

Appreciation Expressed

El Don received a letter from L. L. Beeman stating his appreciation for those students who helped make this year Freshman Week the most successful in college history.

Mr. Beeman, who is head of the social science department and chairman of the program for Freshman Week, should be given a unanimous thanks by the Associated Student Body for the much deserved credit due him in making Freshman Week a success.

Many students had a hand in making Freshman Week a history-making event, but all credit cannot be given to the students. Faculty members should also be thanked for their hearty cooperation during Freshman Week.

College Education Definitions

D. K. Hammond, president of the Santa Ana junior college, referred to several definitions of a college education in his talks during Freshman Week, and at the request of many students, El Don herewith prints what it considers three of the most important:

Thomas Huxley thus defined a man of liberal education: "That man, I think, has had a liberal education who has been so trained in youth that his body is the ready servant of his will, and does with ease and pleasure all the work that, as a mechanism, it is capable of; whose intellect is a clear, cold, logic engine, with all its parts of equal strength, and in smooth working order; ready, like a steam engine, to be turned to any kind of work, and spin the gossamers as well as forge the anchors of the mind; whose mind is stored with a knowledge of the great and fundamental truths of Nature and of the laws of her operations; one who, no stunted ascetic, is full of life and fire, but whose passions are trained to come to heel by a vigorous will, the servant of a tender conscience; who has learned to love all beauty, whether of Nature, or of art, to hate all vileness, and to respect others as himself."

The late President Hyde of Bowdoin thus described the aims of a college education: "To be at home in all lands and ages, to count Nature a familiar acquaintance, and Art an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry the keys of the world's library in your pocket, and feel its resources behind you in whatever task you undertake; to make hosts of friends among the men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and cooperate with others for common ends; to learn manners from students who are gentlemen, and form character under professors who are Christians, this is the offer of the College for the best four years of your life."

As a provisional definition, having the advantage of being worked out by undergraduate students cooperating in reshaping the plan of education in their own institution, we may take the excellent statement of the students of Dartmouth, who maintain that the dual aim of education is the fullest possible development of the individual, and his adequate training for membership in society: "It is the purpose of the college to provide a selected group of men with a comprehensive background of information about the world and its problems, and to stimulate them to develop their capacity for rational thinking, philosophic understanding, creative imagination, and aesthetic sensitiveness, and to inspire them to use these developed powers in becoming leaders in service to society."

COMMENTS

BORED SHAVINGS

BY MARTIN BOWMAN

Students, did you know that we have a Board which controls all student business of our alma mater? I'll let you in on a dark, deep secret. Every week there is a group of hard working students who spend their time discussing what we should have, and what we should not. Some students agree to certain problems, while others enjoy setting the articles of discussion to a later date. . . . much later. Before their hair has turned gray they may return and put said motions before the house again.

Books have been hurled, eyes blacked, furniture broken and nothing has been accomplished. Shall we have Noon Dances or not? Why not pull together fellow students? Last year the "Drags" proved successful to the people that attended, but the walls of the gym were not bulging with capacity crowds. Why not try the dances for a while, and if they are not a paying proposition, drop them? Such dances create school spirit!

Wanted: Songs and Yells for S. A. J. C. What have you? Prizes are to be given. . . . maybe.

It has been suggested that zippers be put on all lockers because of the laziness of certain students. Warning! Be sure and lock your lockers; if you do not some playful student may remove some of the valuable contents. Such child like stealing in a junior college is hard to control, but Black and Blue might be hired at a small charge to guard your locker.

A radio program over KREG, Friday night, is to be sponsored by our student body. Listen in. Mr. Stevens announced that there will be a surprise package for Friday's program. Are ya' listening?

It seems to me in the long-a-go there

JOKES

STUDENT COMMENT

Fire! Fire! Or is it. Taking a second look! We find it is gloomy, murky, unpleasant light issuing from the sky-lights in the library. Before the year is over all the students trying to study in the library will have to get thick, dark glasses to become accustomed to the sunlight. Maybe the skylights could be painted a nice deep red. Ha! Ha!

The glow on the text books is very hard on a person's eyes; one thinks he is glaring into the depths of Hades as the sunlight plays hide-and-seek between the letters on the page. Before many words have been read the student becomes so dizzy that the room begins revolving faster and faster until the student falls from his chair unconscious.

Can not there be something done to the unpleasant light that is proving dangerous to the students?

Why not a more natural color? —I. M. Eyestrained

WORD OF WARNING

This year 363 freshmen entered Santa Ana junior college, most of them from high school. From time immemorial there have been weird and ghastly stories told to high school seniors of the cruel and awful punishment imposed upon college freshmen. 363 of the students in this institution are now subject to this ordeal, and there are 340 other students to carry out these traditions.

This is a two year institution, and unless freshmen act like the lowest forms of their species, there should be no occurrences of undue violence. Just remember, keep your place, be courteous to teachers and upper classmen, and in 25 or 30 years freshmen persecutions will be but a fond memory.

REVERTING TO TYPE

TO ONE WHO'LL UNDERSTAND
(But Won't Appreciate)
Do you suppose I spend my nights alone,
Thinking of you and wishing you were near,
Sadly recalling things you used to do,
Thrilling again at words I used to hear?

Do you believe that I who for a time Shared you with none, but had you all my own,
Have lost attraction for your "fairer" sex,
And find myself compelled to walk alone?

You must have changed if you believe such lies,
For Yesterday when moonlit nights were ours,
When whispering willows framed the starlit skies,
And stolen kisses marked the flying hours,

You were no fool. You knew you had a prize.

You must have changed. Perhaps you've grown more wise.

—The Golden Gater

PADRES MEET TROBABES SATURDAY

Long Beach, Dons Scrimmage

DON AERIAL ATTACK IS SUCCESSFUL

Four Cook Men Injured In Fray Against L. B. Vikings

Bill Cook's Dons showed up exceptionally well in a scrimmage with the Long Beach Vikings Friday afternoon on the Viking's home field. In using an aerial attack on several occasions the Dons were quite successful, netting several yards and showing that there are great possibilities in the future season. In the starting of the Santa Ana offensive the Dons carried the ball down the field for five consecutive first downs and placed the ball on the foes eight yard line. But after this first great outburst of energy the Cookmen seemed rather confused and off balance. When substitutes were put in the game, there seemed to be a rather falling off of that something that football teams must have.

Santa Ana showed up quite well on offense but on defense it looked as though there may be quite a bit of room for improvement. When ever the boys were on defense they seemed to be lost and especially in the case of passes, because the Dons had no defense work against passing attacks. The scrimmage appeared to be rather a bad thing for the Dons because of the four men that were injured while in action. The loss of

Howard Paul Given Football Post As Assistant Coach

Howard Paul, former Santa Ana student and athlete and brother of Norman Paul, U. S. C. track star, will assist Coach Bill Cook in his enormous task of creating a representative football team this year.

Succeeding Bob Gowler, Paul is taking the position in order to learn more about football to prepare himself for a future coaching position. This move is very necessary for he has not played the game since his high school days here. Before Gowler the position was ably taken care of by George Dye who lately has turned professional wrestler.

Paul will probably spend most of his time coaching the line which is exceptionally weak this year on account of the lack of candidates for those positions.

These fellows seems to be quite hard on the coach, but most of them will be ready for action Saturday. Jimmy Lash, ace member of Coach Oliver's 1931 Southern California Champions, was out of the scrimmage after the first play with a broken nose. "Swede" Williams at guard had a broken rib, Captain James Hall hurt his leg and Wallace accumulated a severe head jolt. These injuries will rather weaken the team in its next battle, but by nursing along most of the boys will be ready by Saturday.

Every fellow that appeared in suit was allowed to enter the game and was able to get into action for the first time this season. The scrimmage seemed to give the boys a lot of practice against some real opposition.

Such a scrimmage showed Coach Cook where the weak spots were and although the team looked quite promising there is a lot of hard work to be done before the team will be ready for the U. S. C. Frosh on Saturday.

Coach Cook has a lot of work to do on his defense and a good deal of work on passing. His team lacks that backfield which it had last year, although with the material he has it looks as though there will be a fine chance in the league.

Backfield combination of Welty at quarter, Captain Hall and Bell at the halves, and Smith at fullback seemed quite promising. To complete the eleven, the line constituted Lash and Meisinger at the wing positions; Hefron and Conkey at tackles; Williams and Kluthe at tackles; and Handy at center.

SPORT TIPS

BY AL FORCEY

Cochet Is Bothered

Henri Cochet, famous French net star, declares he will never play in American championships again. It seems Henri was greatly agitated about everything in general. The click of the harmless typewriters of the many reporters present and the attitude of the multitude as well as having to play Allison the same day as the Californian, Vines, seemed to get his well known "Nanny".

There's not much left in the major league races—the Yanks have their flag cinched and for the Cubs look the best in the National.

"Not So Dizzy" Dean

St. Louis Cards may not end at the top of the league, but they have introduced the most colorful player of the season. Jerome Dean, well known to fans as "Dizzy" does not object to the nickname, "just so he gets paid regularly". He claims it's better to be in the headlines than in the breadlines.

Olympic Weakness

Weakest events of the games were those of personal contact. It was evident in boxing, wrestling, waterpolo the Olympic oath—for the honor of our country and for the glory of the sport—was not strictly adhered to.

J. C. Notes

Glendale J. C. loses 7-0 decision to Caltec in a scrimmage game last Saturday.

Bruins of U. C. L. A. humbled Los Angeles J. C. Bruins win 25-0 keeping L. A. on the defensive most of the time. The Cubs will play Whittier College Friday night in another scrimmage game.

Unemployment has hit the Dons very hard. Bill Bouldin and Gene Gruber have had to turn in their suits, lacking enough work to keep them in school.

Leck Announces Tennis Schedule

Early tennis practice has started under the direction of Miss Zena Leck. Practice takes place every Tuesday and Thursday at 2:45.

In the past the junior college women's tennis teams have been successful and many good teams have been trained under Miss Leck's leadership.

With many of the old players returning and with the aid of the expected freshman the women's tennis teams should have a fine showing. Miss Leck urges all those that know how to play to come out and help make it a big season for tennis.

Foote Announces New Basket Play

Girls basketball season has been announced by Mrs. Ellen Foote, women's basketball instructor. The opening of

the season will be at 2:45 Wednesday afternoon. Mrs. Foote urges all those who enjoy the sport to come out and learn the game and have a lot of good fun with the rest of the women of the college.

Everyone will have a chance to show what she can do and may be assured of plenty of action during the season.

This year's schedule will be run off in a somewhat different manner from that of previous years.

Coach Ellen Foote teams are to be

in the forms of squads rather than in the usual class teams. The squad system has been adopted so that there will be more of a chance for the girls to play and enjoy the game.

No matter whether you are a freshman or a sophomore, a good player or a poor player, come out and make points toward a letter.

Activities Offer Girls W.A.A. Awards

To those who do not understand the system of awards, and how the women of the college may win letters and be members of the W. A. A. this article is written.

The year is divided into three seasons: fall which offers swimming, tennis and basketball; winter which offers swimming, tennis, and hockey; spring which offers swimming, tennis, and baseball. Any woman participating in two out of the three seasons during which time she has participated in two team sports and one individual sport, or in two individual sports and one team sport is entitled to a block letter.

The W. A. A. is an organization on the campus which fosters the better athletic spirit among the women of the college and now is the time to get into the swing of things and aid the W. A. A. members to make this a successful year.

SWIM SEASON OPENS TONIGHT

Tomorrow night the swimming season opens at 2:45 with Mrs. Ellen Foote as coach. All the women of the college are asked to come out to the pool and try out for the various teams. Everyone interested in swimming should be out in the pool for the first night of practice. The instruction will greatly improve your swimming and diving and will also help you to make points for your W. A. A. letter.

Policeman—"As soon as I saw you come around the bend I said to myself, 'Forty-five at least.'"

Lady Driver—"How dare you? It's

shine like that shine
shines.

WILLIAM TELLS

BY BILL KISTINGER

Many players have been seen on the hand ball court since the school has opened. Lots of the stars of the past are out training for the future tournaments which will be featured by the physical education department. Many of the coaches take great interest in the game and there have been lots of very interesting matches played on the handball courts. Mr. Sheldon M. Hayden has always been one of the faculty players in the past. Mr. Thomas H. Glenn is expected to be out in action also. Let's have more interest in such games.

COLISEUM TO BE SCENE OF ANNUAL FRAY

Fif h Game Is Preliminary
Contest To U. S. C. Utah
Yearly Grid Tilt

Coach Cook's fighting Santa Ana Dons prepare themselves for the fifth annual clash with the trampling Trobabes of U. S. C. at the Coliseum Saturday as a preliminary to the U. S. C. Utah game.

Records show that the colts of the Thundering Herd can rightfully lay claim to four out of five past games. In 1928 the Padres were badly trampled by the score of 41-0. In 1929 the Dons were made famous by holding the champion Trojan Frosh to a scoreless tie. In their efforts to score a winning touchdown the two teams caused a battle that local fans will long remember. In 1930 the game was just as sensational, and when the smoke cleared away the Tro-Babes had the long end of a seven to nothing score as the result of completing a desperate, long forward pass. The 1931 score was 18-0 in the Colts favor. The game however was not as one-sided as the score might indicate for again the Frosh completed long forward passes.

In the past the defensive power of the Dons has been most in demand. Now, with the wealth of offensive strength with which Coach Cook has been blessed this year, the Padres ought to open up with a few fireworks in their own account. In the same fighting manner in which he and his team accomplished the impossible by tying the Frosh in '29, the Don coach hopes to go one better and hand the Frosh their first defeat when they meet at the Olympic Stadium, Saturday.

The probable lineup to await the opening whistle will favor the following: A backfield combination of Welty; Hall and Bell, halfbacks; Lash and Meisinger, ends; Heffern and Conkey at tackle; Williams and Kluthe, guards; and Handy at center. This is the only lineup that worked with any smoothness in the Long Beach scrimmage so it will probably get the call.

The Army has decided to play football this year. They will eliminate all the frills of the game such as double wingbacks, delayed bucks and trick reverses, and will play just plain old fashioned football—a buck, a run, a pass, and a prayer. Lieut. John Stokes the new coach for the Army, has made that clear at the Army press luncheon recently.

If one has ever experienced the embarrassing predicament of having a hole in his pants with no pair to change to, one can understand the foresight of Herb Dana, the famous Pacific Coast football official. He has already put in his order for six pairs of pants made of airplane linen to be worn during games this year. He stated that he never lasts through an entire season of football without wearing out at least six pairs of pants.

Exchanges of students in the universities was first attempted last year by German and Japanese students. Two Germans studied at the University of Kyoto while two Japanese students attended the University of Leipzig.

Breakfast Club Has First Meet Sunday Morning

Sunday, September 25th at nine o'clock, President Roy Wheeler will call the Breakfast club to order at the Methodist church in their initial meeting of the school year. Plans for the coming season, future topics for discussion and consideration of new members will be some of the more important problems to be dealt with.

The Breakfast club studies religion in its relation to modern times, and attempts to apply that knowledge toward the solution of our major problems.

The club was first organized for young men who were not directly connected with any Sabbath school. However, all young men, who are interested in this organization are cordially invited to attend.

Dean Fisk, leader of the discussion group, guides the fellows through many interesting sessions of debate. Any person interested in this organization see the president for more particulars.

Surprise Program Scheduled Friday

Featured by Martin Bowman singing the song he sang when he won the district Atwater Kent audition Monday, the first junior college radio program of the year will be presented at 8:30 on Friday evening, September 23, over station KREG.

Duncan Harnois will present several piano numbers in keeping with the collegiate type of program, and Cecil Slaback, accordionist, will present something in the way of a "surprise" according to Eugene Stevens, chairman of the college radio programs. Stevens urges all junior college students to listen to the program Friday as well as to the programs which will be presented in the future.

The radio program is a regular weekly feature sponsored by the junior college to advertise Santa Ana. This is the second year of serial broadcasts, and temporarily will be on the air at 8:30 every Friday evening over KREG.

Two Boys Wanted

Broadway at Fourth

Welcome Sophomores!

We congratulate you upon your decision to enter a school with the scholastic traditions of the Santa Ana High School and hope you profit greatly by the time spent here! If we can serve you, don't hesitate to call upon any officer of this bank. Our Farmers and Merchants at Fourth and Broadway is also open to you, and will take good care of your savings accounts.

FIRST NATIONAL BANK of Santa Ana

DON REPORTER RECORDS DOINGS OF OTHER COLLEGES THIS WEEK

This fall Whittier college is planning to lend one man student from the freshman class to the University of Hawaii on an exchange scholarship.

The student will be chosen on the basis of his scholarship, character, and activities by a committee made up of the joint council and one member from each of the main clubs on the campus. Their recommendation must be approved by the members of the student executive committee and by the faculty.

The Co-op store of the San Francisco State Teacher's College has established a rental system of textbooks. The textbooks are to be rented to students at a rate of five cents a night.

Nearly has been spent by the Associated Students of Whittier college during the summer in improving and beautifying the campus. A new sign in front of the college building, direction placards, new numbers painted on classroom doors, quantities of new shrubs in the yard, and several new benches on the campus are some of the improvements.

Wilson college has been willed a \$10,000 rug. It is being kept in a glass case and if any student walks on it or if it is sold for less than the original cost the bequest is nullified.

Inability or unwillingness to study, inability to express oneself in speech or writing, and no knowledge of English grammar are some of the weaknesses most common to university freshmen, Herman G. James, president of the University of South Dakota, wrote in a recent magazine article.

BULLETIN
Y. M. C. A. is sponsoring a banquet for all college men next Monday evening in the new cafeteria. Freshmen will be served free of charge, while the sophomores will be charged 25 cents.

A program consisting of a speaker, pep songs and discussion is planned.

All men planning to attend the affair are asked to sign the notice on the bulletin board.

College Students Contest In Event

Stuke of Santa Ana.

Announce Awards
Awards this year to National winners will total \$15,000 and will be divided \$5,000 each to the best man and best woman singers and \$5,000 to the other finalist. State auditions will be held at Los Angeles in October, with the district auditions to follow in November.

Eligibility Rules
Eligibility rules governing all auditions follow:

1—All contestants in previous auditions with the exception of those who have reached the finals, if they are still within the prescribed age limits and retain their amateur status, are eligible to compete in the 1932 audition.

2—No one may compete who has been a paid vocal principal with a professional theatrical or operatic company. No one may compete who has been a paid vocal principal in any concert held outside his own state or a state adjacent to that in which he resided at the time of such concert.

3—Entrants must be free from any concerts to sing in concert, radio, operatic or theatrical productions, but singers who broadcast over local radio stations without contract, are not barred thereby.

The Longfellow's will meet tonight in the college print shop, 7:30 o'clock.

Says the Golden Gator, "when you gaze out over the Pacific, you are gazing upon an unbelievable hoard of gold. For the oceans of the world contain dissolved particles of that metal to the estimated amount of 1,000 million tons". Its there boys, got get it.

Professor John R. Wilkie of Whittier College returned recently from a year spent as a professor in the International college in Izmir, Turkey. The college is a men's school and is attended almost entirely by young Turks. All of the instruction is given in English, a language which must be learned in preparatory school. Professor Wilkie taught English literature, psychology, sociology and philosophy.

The Farthest-North Collegian from College, Alaska reports that 506 ounces of platinum were mined in the Goodnews Bay district in 1931. It says that since platinum is worth \$40 an ounce, the value of the metal is around \$20,000. It would look as though this section is favorably competing with Russia and other countries in the production of this precious metal.

Freshmen taking the electrical course at the University of Oregon are induced to sit in an electric chair with 200,000 volts turned on.

It takes, on an average from three to six months for a telegram to reach the outside from Chinese Turdestan, and it is with some reason, therefore, that the telegraph service is known throughout the province as "samal lightning".

Research at the University of Missouri department of chemistry has definitely established that the earth is 570,000,000 years old.

All of the football games but three which the Whittier college team plays this year are scheduled at night. Evidently Whittier fans like to follow the whitewashed pigskin as well as the indoor.

Political Science 1A-1B, may be substituted for American Institutions.

5. Twenty semester hours in some specific field which will constitute a major.

6. In addition, electives to make up a total of 64 units.

Irene Ross was elected secretary of Las Gitanas in a meeting held last Monday at the home of Kay Bement. The election was held due to the fact that Dorothy Parson, formerly elected secretary, is attending Fullerton junior college this year because she could not get transportation to Santa Ana.

Other business was to make plans for the rush breakfast to be held October 1. After the business, refreshments were served and an informal discussion took place.

Those in attendance were Pauline Wells, Irene Ross, Betty Vorce, Mary Nalle, Katherine Roberts, Virginia Anthony, Maxine Clark, Marjorie Woods, Janice Black, Wileta Bozell, Evelyn Fairley and Velma Bishop.

Smaller Colleges Gain Popularity

The number of students who are favoring smaller institutions this fall is greatly surprising. In some instances choice is dictated by financial considerations. The majority, however, have made their selection to gain "more college life". This class maintains that state universities and larger schools have become so vast that the individual, unless outstanding, becomes lost in the student body with less opportunity for extra curricular activities. It's the "large frog in a small puddle" theory.

Strangely enough we have much sympathy with this viewpoint. For specialized work, there is no question of the greater value of colleges which have facilities for such work. For those attending college for cultural benefits, backed by hope it will yield vaguely understood advantages, the smaller college with its most intimate contact between faculty and entire student body is well worth consideration. So far as education is concerned, it may be obtained at any college in the whole country if the student himself is seeking that education.

In an official announcement yesterday, Dean McKee Fisk stated that during the 1932-33 term there would be one compulsory assembly each month.

Associated Student tickets are on sale in the auditor's office. Temporary ones—\$2 down. Permanent tickets—\$7.

College Faculty's Welcome To Dons Featured At Ebell

Gathering at the Ebell clubhouse, a large number of incoming and sophomore students were guests of the faculty when it played host at the annual faculty reception, as a means of acquainting the student body with its instructors and fellow-students, last Friday evening.

The formal introduction of students to the faculty took place in the peacock room of the club house. After the introductions the group assembled in the auditorium of the club where a program was presented by Earl Tracer, pianist and interpreter of the works of contemporary artists, and Hayden Bollander, tenor. Mr. Bollander favored the listeners with several solos, which met with hearty applause from the audience.

Mr. Tracer also rendered several solos on the piano, which met with a likewise hearty ovation from the assembly. The reception closed after

The chairman of the whole reception was Miss Agnes Todd Miller, the decoration committee was Frances Egge, Genevieve Humiston, and T. H. Glenn; the refreshment committee was headed by Lillian L. Dickson, with Ilse Hamann and Dorothy Decker serving.

Board of Education Reveals Requirements

Dean McKee Fisk announces that the State Board of Education has presented a new plan of graduation which went into effect July 1, 1932. This plan is entirely separate from the division requirements of the University of California.

The plan is given below and it is advisable to check against present programs so that graduation may be assured.

Requirements for graduation:

1. Subject A, no credit.
2. Physical Education and Health, four credits or units.
3. Orientation, two units.
4. American Institutions, two units.

Political Science 1A-1B, may be substituted for American Institutions.

5. Twenty semester hours in some specific field which will constitute a major.

6. In addition, electives to make up a total of 64 units.

Now, Just How Good Do You Want To Be

Do you want to be good—or do you just want to be good? Or, don't you care? If you're hot to learn typewriting, Tiernan's can help you a lot! And we're going the limit this year by offering you GENUINE TIERNAN REBUILT typewriters for rentals or buying on convenient terms. We've helped hundreds of typewriting students in past years and we can help YOU. We're not after your money—we want you to be GOOD—we'll benefit in later years. Will you let us help?

Have A Typewriter At Home

Rent a Genuine Tiernan
Rebuilt Typewriter
At Special Rates!

Not the ordinary rental typewriters, but genuine Tiernan Rebuilt Typewriters—AS GOOD AS NEW! That's the kind of a typewriter you can have this year for HOME PRACTICE and at SPECIAL STUDENTS' RENTAL RATES!

Consider The New Smith Corona!

The first light typewriter at a light typewriter price suitable for learning typewriting. It has the new PIANO KEY ACTION, standard typewriter performance and results, and you'll get along just as well on a Smith Corona as any standard model. Try it and see for yourself.

WE ALSO HAVE PORTABLE TYPEWRITERS AS LOW AS \$19.75—the latter not so good for student practice, but a typewriter nevertheless!

Come and see us at any time!
